

ITEM: NECKTIE - FEMALE

MATERIAL: Natural or synthetic.

CONSTRUCTION: Plain, tight woven cloth, Continental cross-over style

The necktie shall be double faced without lining. It shall be finished so as to have diagonal 1-1/2" wide tail points. The necktie will have an overall length when extended of approximately 23" and the width of the neckband shall be 3/4". A cloth covered snap shall be placed in the front center 2-3/4" from the tail ends. The cross of the tie shall ride snug on the inside of the collar points. The necktie tails shall extend from the tie cross 1-1/2" to 2-3/4".

Color: Black, with a dull finish (including covered snap).

Design: Plain, without ornamentation, and with finished sides and edges.

AUTHORIZATIONS/
RESTRICTIONS: A hidden Velcro or snap fastener maintained beneath the collar and not visible to view is authorized as an additional "breakway" device.
